

Invitation to become an EAS Member

Right now, the EAS is offering **complementary** membership to all new members for 2009. All you have to do is visit our website, www.eas-society.org, and use our **online application form**. Once your application is approved by the EAS Executive Committee, we will send you a membership number and password, and you can begin to enjoy the benefits of EAS membership. With **no fee to pay** for the rest of 2009 — what are you waiting for? **APPLY TODAY**

How does the EAS work for its members?

In the field of atherosclerosis and cardiovascular disease, we work to:

- Organize Congresses, Educational Workshops and Symposia
- Support young researchers and clinicians with Travel Grants and Awards
- Collaborate with other investigators;
 - related organizations, notably IAS and ESC
 - the National Atherosclerosis Societies of Europe
- Bring together relevant expert opinions and cutting edge research findings
- Develop jointly the *European Guidelines on Cardiovascular Disease Prevention in Clinical Practice*, in collaboration with ESC and ESH
- Organize Working Groups and Task Forces to evaluate ongoing needs in priority areas for EAS, e.g., nutrition, plaque imaging, prevention of CVD, evolving technologies
- Formulate strategies to respond to these needs on a pan-European basis

How do I benefit from EAS membership?

- Free online subscription to the EAS Journal *Atherosclerosis*
- Reduced registration fee at EAS Congresses, Educational Workshops and Symposia
- 15% off Elsevier books via the EAS website
- Eligibility for EAS Travel Grants, Fellowships and Young Investigator Awards
- Newsletters with information on EAS activities
- Links to partner societies via EAS website
- Eligibility of young investigators for EAS Summer School

Looking to the future...

At the EAS we do our best to respond to the needs and requests of our members. We encourage all of our members to take an active role; your ideas and suggestions will shape the future development of the Society.

We'd like your feedback and ideas!

Please send them to us — by email, fax, post, or via our website — addressed to the Administrative Executive, Carmel Hayes, PhD, at the EAS Gothenburg Office.

...advancing and exchanging knowledge concerning the causes, natural history, treatment and prevention of atherosclerotic disease
